What You Can Expect

COORDINATED CARE: Our physicians and advanced practice clinicians work collaboratively with you and your staff to provide the most efficient, effective, and uninterrupted care experience for your patients.

TIMELY ACCESS: Increasing patient access to specialty care is at the forefront of Revere Health's mission. Our team of trusted providers spanning multiple specialties allows patients to see a provider in a timely manner.

COST SAVINGS: Revere Health has a proven track record of reducing the total cost of care for our patients. Cost-effectiveness is a priority when you refer your patients to us.

SHARED INFORMATION: We participate in the Utah Clinical Health Information Exchange (CHIE), allowing us to securely exchange information about our shared patients.

Benefits of Referring to Revere Health Imaging

Easy Scheduling Services

- Same-day appointments
- Order your exam online, by phone, or by fax
- Pre-authorization assistance

Easy Access to Physicians and Reports

- 90 percent of reports are available within two hours.
- STAT reports are read in real time, with results in 20minutes.
- Images and reports available to all physician offices via PACS and other web-based systems.
- Physicians can order exams and view reports through the same online portal.

Board Certified Radiologists

- On-site, fellowship-trained physicians available for imaging recommendations and examination review.
- Interpreting physicians have access to imaging studies from other facilities including HCA, IASIS, Intermountain, and University of Utah to provide accurate interpretation and comparison of examinations.

Cost Savings

- Flexible payment plans and self-pay discounts are available for patients.
- Imaging services at Revere Health cost significantly less than the same services in a hospital setting.
